REMARKS

Claims 1-16 are pending in the current application.

Applicant initially filed the Application in the present case using the title reflected on page 1, "DITHER MATRIX DESIGN USING SUB-PIXEL ADDRESSABILITY." All documentation accompanying the application, including the declaration, transmittal letter, and assignment reflected the title shown on page 1 of the application. Page 2 presented a slightly different title due to a clerical error.

Applicants have amended the title on page 2 of the application to reflect the correct title for this case, "DITHER MATRIX DESIGN USING SUB-PIXEL ADDRESSABILITY."
